A stranger reading the post-election discussions in the United States would think we elected a President for the principal purpose of serving the labor group, the farm group, the industrial group, or some other group that claimed he owed his allegiance to it. As a matter of fact, we elect a President to serve all the people.

It is important to call the people's attention to this fact—and also to the fact that this election was not a selective Congress to rubber stamp the acts of the President, because Congressmen generally received more votes than the President.

There has been a lot of talk to the effect that the election of Mr. Truman automatically meant a swing to the left in this country—a swing toward more socialization and regulation of business, and more and more paternalism in government. Again, the facts do not justify such a belief by any Congressman or the President.

The failure of our people to put a record vote in the last election indicates they felt no choice in party platforms was offered them. Many thought it better to ride along than bring about a change with a candidate who both failed and refused to take issue with his opponent who stood for no program in definite opposition to the Administration's power. The Republicans failed to nominate a fighting ticket and take a chance on the solid Americanism of the people. Will the Democrats in their victory fail to see that no mandate to swing to the left if they do, they will have a surprise in store for them when the people get a chance to vote on that issue.

The vote was no blank check to either the President or Congress to play fast and loose with the resources of the nation, or to endorse socialistic measures which undermine the security of American labor, American enterprise, and the fullest freedom of action for all American citizens.

Rhythm Band Presents Operetta

On Monday night, April 18, The Rhythm Band Opera presented a two-act operetta, "The Princess Choo-choo." Many favorable comments have been heard concerning the manner in which the children presented their lines. Improvised footlights, beautiful costumes, and good stage settings provided an excellent background for the presentation.

Pupils Enjoy Play Day Exercises
Last Friday was set aside for our annual Play Day Exercises. Various types of games were enjoyed by all the pupils. Several prizes were awarded to the best participants in the various activities.

Later in the day the football team journeyed to the Vocational High School to participate in a football tournament. Participating schools were South Bay, Everglades Camp, the Seventh Grade of Vocational High, and our school. Our team ended in a tie with the Seventh Grade team for the championship.

CINEMATIC CHAPTER
"Fighter Squadron," which is to be filmed at the Hugo Theatre, Sunday-Monday, is in beautiful technicolor. It is a story of the U. S. Army Air Forces, bristling with amazing action and excitement. P-47 Thunderbolts fill the skies, dog-fights ring with ack-ack fire, and a regular umbrella of flyers cover the screen, during the unfolding of this smashing drama—a story of one of our intrepid fighter units in the last war.

the chairman and he saw that all the motions were declared in favor of the affirmative, even if it did seem quite dictatorial.

Among the pioneers represented at taking part in this troublesome event were: Ross Winnie, Walter Greer, M. C. Eggleston, Roscoe Braddock, Lou Betzner, J. W. Will, Louis Creech, while several of the younger generation represented by: J. J. Miller, that completing state law had been fulfilled, by the action of the citizen caucus, so Chairman Greer emphatically declared that that effect, and called for the election of municipal officers: who were chosen as follows, and later sworn in by officials:

Mayor, Walter Greer; town clerk, J. W. Buck, Lou Betzner, Frank J. Baker, J. W. Will, Louis Creech, and E. R. Pace; marshal, Clarence Everett.

To make known the objectives of the Inter-Racial Committee Miss Sara Creech read the organizational constitution. During the 21 years of city history, eight men have served as Mayor, six of whom are still living. Each of these men, or others to represent them, were called to give the highlights of the growth of the city under their terms, those responding being Walter Greer, H. H. Hart, by Lou Betzner, and E. R. Pace. A film made a report for Arthur Wells and his own term; J. K. Baker spoke for himself; Lee Tucker for the late George A. Puyet, Sr., and Junius Harris, present mayor, spoke for the present city government.

W. C. Taylor, colored funeral director, spoke in behalf of the colored civic club, which speaks most of the activities of that race, and made a most excellent address. He stressed the willingness of his people to join in anything which would promote the welfare of the city, and especially their own section of the city and spoke words of appreciation of being permitted to join in such activities. The closing number of the program was the presentation of a gavel by George Royal to the Council to Mayor Junius Harris with instructions that it was in turn to be presented to Municipal Judge Jack O. Johnson, for so in his court. The gavel was the work of Rev. Leonard Verner, pastor of the Community Methodist church, and made out of a block of mahogany, as he was unable to secure native wood sufficiently to make such an instrument of authority.

This gift came about as the result of a remark made by Judge Johnson that the city of Belle Glade had much equipment, but it did not provide a

consignment of lumber, which O. M. Manning and Bud Gaylord used in construction of the first house built in Belle Glade. This small structure, such as it was, pretty much pioneer type, was built over east of Toonerville. Manning states that he and Gaylord in 1914 prepared land and planted a crop of potatoes in January, frost got most of them in March, but they later did get a crop of small potatoes which were sold in Ft. Lauderdale. There he picked up

a lot of sprouted potatoes from which they harvested a good crop, which were sold to Ft. Lauderdale by boat, and then overland to Miami, by oxcart, where they were sold for a premium price for those days. Walter Greer sold the first string beans grown in the Glades at Ft. Lauderdale.

The early Glades area was the habitat of many roving herds of wild pigs, which provided the earlier pioneers with most of their fresh meat. They were savage creatures and

many a hunter had narrow escape from injury by the ferocious boars. Wild cats were abundant and were great thieves of provisions from the houses, and domestic animals. Alligators were most plentiful and their hides gave a man extra pocket money. Fishing was an angler paradise.

Belle Glade Stops Clewiston, 5 to 1

In a night game Tuesday, Belle Glade beat Clewiston, 5 to 1. The winning pitcher, Tom Williams, pitched a two hit ball game for the Rams. A walk, a stolen base and a single gave Clewiston its only run in the top half of the first inning. Belle Glade went on from there to score five runs six hits and two errors while holding the visiting team to a total of one-run, two hits and four errors.

The Golden Rams played their first game of the season under the lights last Friday night, when they met the Ft. Pierce Eagles in a Gulfstream Tourist title. The game was won by the Rams by a score of 7 to 4.

Tommy Williams was in the box for the Rams, with Leathers behind the bat. The visitors could do little with Williams twirling, most of their being made off the side walks that he gave them. Tommy struck out 11 men and held the Eagles to three hits.

Our boys did a little better stick work in this game, and while the Eagles led up to third by a 2 to 1 score, our lads gathered in four runs in the fourth, and kept the lead to win.

City To Build New Sidewalk On South Main Street Blocks

A movement is under foot which will add Belle Glade sometime in securing free property delivery service. Property owners on the east side of South Main street between Avenues C and E are giving right of way for a cement sidewalk in front of their properties, which the city plans to build.

This would give two blocks more of sidewalk, which would be of much accommodation and safety to pedestrians. This section is fast becoming a busy mart of business, and walking across streets is quite a hazard.

He reports Marion as being a hustling industrial city, with lumber, hosiery, cotton mills, tinners, as well as being the largest city and county seat of McDermott county. Rail service is provided by the Southern Railway system. Fine summer resorts and comfortable climate.

Room Sneak Thief Arrested For A Number Of Thefts

Julius Walker, a slick room robber, who pulled off a number of burglary charges in the neighborhood in Belle Glade, in which he secured considerable loot, wandered his way over to Hobbes, where he repeated his work, one of the homes visited there being the Mock home, where he stole a Pahoeko high class ring, later found in his possession. Long Period Employees
Given Trophies by U. S. Sugar Co.

The officers of the United States Sugar Company, at Clewiston, observed the annual "President's Night" banquet and entertainment, some 127 officials and key men being at the luncheon. The company's most pleasant one for long period employees, President Charles E. Weatherly presented himself as high pleasure over the records made by the sugar industry during the past season and gave equal credit to all departments for the accomplishments. He states many new records had been recorded which would stand on the company's books as outstanding, to be shot at in future years. He also stated that it had been the company's policy that it would only operate in the sugar and fat cattle business in the future, with sideline thrown into the field.

Car Stolen In Pahokee Located At Camp Okeechobee By Lawmen

Sam Mahoney, colored, for a long time has been one of the cooks at the state prison arm. One morning recently he was aroused to prepare the morning meal, but instead of going to his kitchen, he decided to "go over the fence." Finding no prepared meal and Sam, the absent, searched for a place to hide. Officer Burdett, Prescott picked Mahoney up near in negrotown and Deputy Constable Mock took him to the jail at West Palm Beach. Tuesday, where Mahoney drew an addition year's sentence to his original term. Looks as if Sam would need to be cooking his fellow prisoners food for some years to come.

John Henry Ford, colored was arrested at the Wayside Inn near Camp Okeechobee and charged with larceny of an automobile, placed against him in Justice George Williams court. That official binding him over to court. Two weeks ago Johnson stole a 1941 Ford car from the Lake Shore Motor Company at Pahokee. BEE POLLENATION (Continued from Page 1)

The lake lands, is now thoroughly convinced that honey bees are mighty important in pollinating growing crops. Dell planted a field of squash, and for a good stand as to vines but was getting no fruit setting. He carried his troubles to the seed men and Experiment station specialists. The latter told him he was in need of better pollenization and to go and see August Floyd Markham about putting in some of his bees in the field. Markham did so, and then Dell began to get his squash in abundance. The rub of it all was just as production came on, the market price and demand passed out of the picture, and the situation did not warrant the picking much of the abundant crop.

Young Scott Lee, who does his farming over around Lake Harbor and South Bay came in to town, Monday afternoon, with a pickup load of fine tomatoes, which he readily sold to local stores and individuals. Scott states that he had a good crop of the tomatoes and is able to get rid of most of them, both at the field and in the market.

"Trouble" Hotard who look after FEC shipments out of Glades states that the present season car shipments of vegetables show around 700 cars more than the entire shipment for last year. He is expecting at least 8000 cars before the waning season ends. Figures, however, are not yet in, will be good as the present crop of the state this spring has been estimated at 12,000 acres, with bulk coming from the Glades area, also Zellwood, Sanford, Ruskin, Plant City, Ft. Myers, Ft. Pierce, Lake City and and also are making big shipments.

contributed to the fund whereby the team was able to put its \$100 deposit for the league membership.

Ralph Kirk appeared before the City Commission, Wednesday night, and asked that a donation be made for the equipping of the team with uniforms,

gloves, bats and field equipment. A donation of \$500 was made, with the understanding that the equipment be the property of the city Recreational department, to be turned back at the end of the season. Certain percentages of the gate receipts will also be returned to the city.

Most of the members of the Commission are baseball fans, and believed that having a team in the Coast Glades League would be good advertising for the city and in the other cities of the league. Home games will be played at Memorial Field on Sunday at three o'clock.

Manager Dorsey Pugh already has a bunch of good players lined up for the Independents, and he thinks that our home team will be able to cope very satisfactorily with their opponents. Stuart and Clewiston so far appear to be the strongest aggregations in the League, especially Stuart who have been the league champions the past two seasons.

Cherry, Spooner, Williams and Harrell will be pitchers for the Independents, while

Harrell, Williams and Rhodes will do the catching.

Sunday league games resulted as follows: Lake Worth 4, Boynton 4; Stuart 18; Jupiter, 3; Belle Glade, 11; Okeechobee, 4.

HURRY! HURRY!
Join the 11,200 pedestrians KILLED last year!

Don't go home to-night. Go to the hospital—or the morgue! Why be around to-morrow, next week, or next year? Go on—dash through traffic when and where you should stop. Ignore red lights and safety signs. Make a race at the traffic cop who's trying to protect you as you tear by—hurrying to go—where?

Be impatient. Hurry, hurry and join the 11,200 pedestrians who were killed in the United States last year. 185 of them were neighbors of yours in Florida.

But perhaps you don't like the idea. Maybe you enjoy living and don't want to rush into Kingdom Come prematurely. That's different—and the answer is simple. Don't hurry. Wait just the few seconds it takes the light to go green. Don't take a short cut across the middle of the block, drivers aren't looking for you there. And no matter when or where you cross a highway, be alert. Walk safely and live longer.
